PATIENT INFORMED CONSENT

I hereby request and/or consent to the performance of chiropractic examinations and/or procedures on (or on the patient names above for who I am legally responsible) by Dr. Kenneth R. Eastman, Dr. Charles T. Kingrey, Jr. D.C. and/or Jana Kingrey D.C.

I understand and am informed that, as in the practice of medicine, in the practice of chiropractic there are some risks to chiropractic care, including but not limited to strokes, sprains and strains, fractures, dislocations and general aggravations of inflammatory conditions. I understand that I will have an opportunity to discuss with the doctor and/or other office personnel the nature and purpose of the chiropractic procedures I will receive. I understand that the doctor will perform and examination in order to minimize any risk of care, however, I do not expect the doctor to be able to anticipate and explain all risks and complications. I therefore wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts as then known, is in my best interest.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask question about its content, and by signing below, I agree to the procedures. I intend this consent form to cover the entire course of care for my present condition(s) and for any future condition(s) for which I seek care.

I am aware that my visits may not be covered by my insurance and that I will be fully responsible for payment of services rendered at such time that a denial is received from my insurance carrier.

EXPLANATION OF CHIROPRACTIC MEDICARE BENEFITS

MEDICARE DOES NOT COVER CHIROPRACTIC CARE BUT WITH LIMITATIONS.

The only service covered by Medicare is manual manipulation of the spine. These manipulations under some circumstances and with certain carriers are limited to 12 (twelve) per calendar year.

Your condition may require, in our judgment, more treatments than allowed by Medicare. We can apply for additional treatments by submitting a "medical necessity statement" on your behalf. Your case will be sent for review. We cannot guarantee or predict what the review board will decide in your case.

ANY VISITS OVER 12 (TWELVE) IN THIS CALENDAR YEAR, NOT APPROVED BY MEDICARE, WILL BE YOUR FINANCIAL RESPONSIBILITY.

Medicare does not cover the cost of x-rays, examinations, therapy, supports, supplements or any other services offered in this office.

Any services other than spinal manipulation will be your financial responsibility.

I have read and understand the above statement.

Financial Policy

Eastman-Kingrey Clinic is happy to work with our patients to provide to provide the best quality of services. This letter is to acquaint you with our office billing procedures. Please read the following carefully and initial the appropriate method of payment. Your health insurance policy may have a deductible as well as a percentage (co-insurance or co-pay fee) for which you, the patient, are responsible for. Therefore, it is our policy to have all initial visit fees paid for, by the patient, at the time of his/her appointment.

Claims are sent out to insurance companies every Monday morning. Upon receipt of payment for services rendered, you will also receive statements from your insurance company, referred to as explanation of benefits (EOB's), which will inform you of any payments made. Since there are no guarantees of payment from the insurance company, you the patient are held liable for unpaid balances. **Health insurance is an agreement between the patient and the insurance company.** Insurance companies often send a payment directly to the clinic for services rendered to the patient and these funds are applied to your account balance for a specific day's service, on occasion the insurance company will send payment directly to the patient. If this occurs you can do 2 things, 1) endorse the payment and bring it to the clinic and the funds can be applied to the balance or 2) you keep the payment and are responsible for paying off the balance.

We encourage you to ask any questions you may have regarding our financial policy, so that you may have a clear understanding. Our goal is to concentrate on returning you to optimal health and establish overall well being, we have prepared the following checklist in order to help our patients determine their responsibility toward payment for chiropractic services please check the statement that applies to you:

_____ Private insurance: I understand that as a service to me, Eastman-Kingrey Clinic will bill my insurance company for services rendered, however; I fully understand that it is my financial responsibility to be liable for all healthcare expenses regardless of insurance coverage. I agree to assume all financial responsibility.

_____ Medicare: I am eligible for Medicare and I understand it reimburses only **for manipulation of the spine, it does not reimburse for therapy or x-rays.** I, the patient, am responsible for payment of spinal manipulation, therapy, and x-rays at the time of service. I understand that Medicare will only reimburse up to the 12th visit, they will not reimburse if there is no medical necessity or for maintenance care.

_____ Private Pay (Cash): As I have no insurance or third parties liable for my healthcare expenses, I agree to assume all payment responsibility and keep my account current. (Please be sure to talk with our office about pre-payment incentives and payment options.)
